Excelitas to Highlight Comprehensive UV Curing Systems Portfolio at MD&M West 2026

WHO: [Excelitas®](#), a leading provider of advanced, life-enriching technologies that make a difference, serving global market leaders in the life sciences, advanced industrial, next-generation semiconductor and avionics sectors, will present its UV curing solutions tailored for medical device assembly and production at [MD&M West 2026](#).

WHAT: At the Anaheim Convention Center, Excelitas specialists will be available at Booth #2259 to showcase demonstrations and discuss the company's UV curing platforms designed to deliver controlled, repeatable, high-performance assembly processes.

Featured technologies will include:

- [OmniCure® S2000 Elite UV Curing System](#) – Next-generation lamp-based spot curing with enhanced productivity, precision and security tailored for demanding adhesive and assembly applications.
- [OmniCure R2000 UV Radiometer](#) – The R2000 handheld radiometer is specifically designed to be paired with OmniCure S-Series UV spot curing systems to measure and calibrate optical output to provide a complete curing station with unmatched control and repeatability.
- [OmniCure LX500 UV LED Spot Curing System](#) and [V3 UV LED Heads](#) – High-output LED curing with proprietary Intelli-Lamp® monitoring for consistent output and repeatability, ideal for high-throughput manufacturing.
- [OmniCure LS200 UV LED Radiometry and Calibration System](#) – Integrated radiometry to ensure precise measurement and calibration of UV LED output at the cure site for reliable process control.
- [Fusion UV® F300S Microwave-Powered UV Curing System](#) – Compact, production-proven UV curing with simple installation, suitable for medical labs and assembly lines.

Excelitas representatives will also be on hand to speak with media and attendees about how these technologies help improve yield, throughput and product quality in advanced medical device manufacturing.

WHEN: February 3–5, 2026

WHERE: Anaheim Convention Center
Anaheim, California, USA
Excelitas Booth #2259

About Excelitas

Excelitas is a leading provider of advanced, life-enriching technologies that make a difference, serving global market leaders in the life sciences, advanced industrial, next-generation semiconductor and avionics end markets. Headquartered in Pittsburgh, PA, USA, Excelitas is

an essential partner in the design, development and manufacture of advanced technologies, offering leading-edge innovation in sensing, detection, imaging, optics and specialty illumination for customers worldwide. Excelitas is at the forefront of addressing many of the relevant megatrends impacting the world today, including precision medicine, industrial automation, artificial intelligence and connected devices (IoT).

Connect with Excelitas on [LinkedIn](#), [Facebook](#), [X](#) and [Instagram](#), or visit our website at www.excelitas.com for more information.
