**Excelitas Technologies to Present Improving Surface Cure with UVC LED Session at Eastern Coatings Show**

**WHO:** [Excelitas Technologies® Corp.](#), a global technology leader delivering innovative, customized photonic solutions, will present, "Improving Surface Cure with UVC LEDs," and highlight OmniCure® UV LED Curing Systems at the [Eastern Coatings Show](#) in Atlantic City, NJ.

**WHAT:** Mike Kay, Director of Product Management, Industrial Curing, will lead the session during the event's UV Track. The presentation will address the increasing number of UV LED curable adhesives, inks and coatings for commercial applications, and advise on the feasibility and advantages of adding deep-UVC LEDs into commercial LED curing systems.

UV LED Curing Systems on display at Excelitas Booth 325 include:

- [OmniCure AC4 and AC5 Series UV LED Curing Systems](#): Featuring custom optics and a compact form factor, the OmniCure AC450/P, AC550/P, AC475/P and AC575/P air-cooled UV LED curing systems provide high irradiance of up to 14W/cm<sup>2</sup>, allowing manufacturers to achieve outstanding productivity and reduce running costs using LEDs with long lifetime and lower electrical consumption. The systems are ideal for curing coatings, adhesives and inks in applications such as wood, print, glass and plastic, providing high quality and consistent curing results.
- [OmniCure AC9 Series UV LED Curing Systems](#): The innovative design of Excelitas' OmniCure AC9 UV LED Systems includes a high-performing, air-cooled solution to enable faster line speeds in industrial manufacturing. OmniCure AC9150/P, AC9225/P and AC9300/P UV LED curing systems feature advanced front-end optics to provide high power, high peak irradiance of over 14 W/cm<sup>2</sup>, and exceptional uniformity for fast curing of coatings, adhesives and inks.

**WHEN:** Improving Surface Cure with UVC LEDs Session: May 16, 2017 at 9:30 a.m.

Exhibition: May 16 – 17, 2017

**WHERE:** [Harrah's Resort Conference Center](#), Atlantic City, NJ, Excelitas Booth 325.

### **About Excelitas Technologies**

Excelitas Technologies Corp. is a global technology leader focused on delivering innovative, high-performance, market-driven photonic solutions to meet the lighting, detection and optical technology needs of global customers. From biomedical technology to research laboratory, safety and security, consumer products, semiconductor, energy and environment, industrial sensing & imaging, defense and aerospace, Excelitas Technologies is committed to enabling our customers' success in their end-markets. Excelitas Technologies has approximately 5,500 employees in North America, Europe and Asia, serving customers across the world. Connect with Excelitas on [Facebook](#), [LinkedIn](#) and [Twitter](#).
